

## Booking trips with a bicycle from/to and in Austria, and for the Nightjet

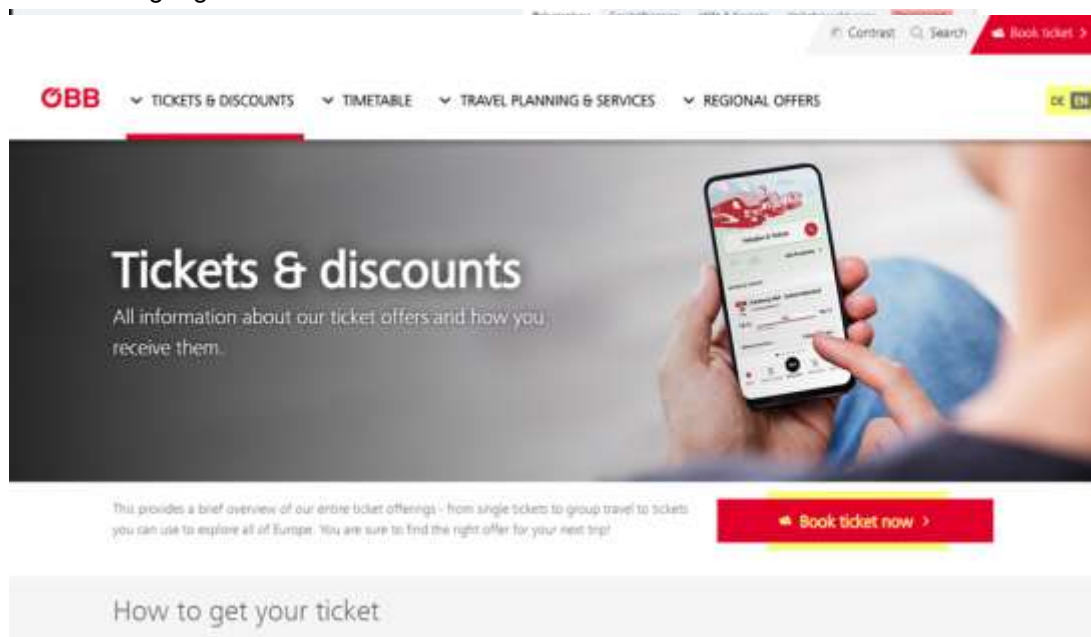

For journeys from 10 December 2023, it is temporarily not possible to purchase an international journey with a bicycle to Austria or on the Nightjet using SBB sales channels. For this reason, trips with a bicycle need to be booked directly with our cooperation partners over the coming months

The booking process in the Austrian Federal Railways ÖBB channel is described below.

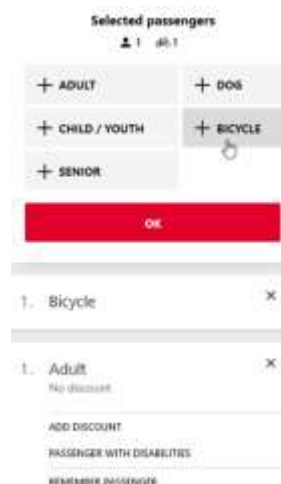

**Please note:** Bookings for bicycles and passengers must always be made together. This is the only way to ensure that a seat and bicycle space are still available and that the reservation will be made for the same coach. For this reason, the entire journey, including tickets for passengers, must be booked via the ÖBB online channel.

### Booking instructions:

1. Call up the page <https://www.oebb.at/en/tickets-kundenkarten>
2. Select a language and click on 'Book ticket now'

3. Enter the connection and the passengers:
  - Route
  - Time and date of journey
  - Enter passengers and bicycles by clicking on the right buttons: Adult, Senior or Child/Youth and then Bicycle.

- Go back by clicking 'OK'
  - Find services, select 'One-way tickets and day tickets'
4. Select your desired connection.

## Useful information

### **When will I be able to book an international journey with my bicycle via SBB again?**

We are working on the technical implementation in our sales channels and we aim for bookings to be possible within Swiss public transport over the course of the next year

### **I have already purchased tickets from SBB and would now like to book a bicycle service.**

You can either have your tickets refunded, provided the conditions allow a refund, and then make a new booking which covers everything, or you can book the bike space reservation separately via ÖBB.

### **My bicycle and I have been put in different coaches or in a different train composition. Can I change my seat?**

Unfortunately, it is not possible to change seats. You will have to start the booking process again from the beginning. To do this, delete the completed booking from your basket and start the booking from the beginning again.

### **Do I also need to purchase a bicycle ticket for travel in Switzerland?**

No. You only pay the fee that is charged to you during the booking process.

### **I will be travelling in 1st class. Are there bicycle spaces in the 1st class coach?**

On most trains, the bicycle spaces are located in a 2nd class coach.

### **I would like to change my travel dates or cancel my trip. Where can I do this?**

If the conditions of your ticket allow it, you can have your journey exchanged or refunded directly with our cooperation partner.

A rebooking or refund in Switzerland is not possible.

### **My train was delayed and I am entitled to compensation for the delay. Who do I need to contact?**

Complete the following online form.

<https://www.oebb.at/en/reiseplanung-services/kundenservice/refundierung-chatbot>

Your claim cannot be processed by SBB.
